SUBJECT: Suggested O/DCI Staff/Office/Group for Information Release

1. Each day shows us how little control and awareness we have of what has been or should be released, in accord with what standards, to the press, individual FOIA/Privacy Act requesters, private and class action litigants, mandatory declassification requesters under E.O. 11652 and, projected, Congressional and/or other extra-Intelligence Community recipients.

2. This is not simply a records problem; it includes and extends significantly beyond records management interests and involves, often, each or all deputies, OGC and OLC, occasionally the IG, Thuermer's office, et al., including the Director.

3. I strongly suggest discussion of the establishment of an Agency control point in the O/DCI area, backed by a computer-supported index to copies of released and original documents, and including the media liaison functions.
